

Glendale AZ Company Leaps into Space

November, 2014 - Glendale, AZ - Get ready to have a blast with Go For Launch Games, LLCs' new arcade style, action, adventure App game Spaceman Skip and The Nebublobs available November 7th, exclusively on the App Store for iPhone, iPad and iPod touch.

Our Solar System has been invaded by energy devouring Nebublobs and your mission is to round them all up and send them packing! Players 8 and up will have a ball rocketing to all 8 planets in our Solar System as well as the Sun, the Moon and the Asteroid Belt. Players rack up points as they blast the Nebublobs into the Containment Field before sending them back to their own galaxy. This game is filled with alien monsters, space junk, crazy bosses, epic adventure, rogue asteroids, a monkey, an alien bomb and a very large, super big Solar System!

For all you space buffs the game also offers the options to earn more points with two optional Bonus Questions. One focuses on the locations you visit in the game, but don't worry if your space IQ is not up to snuff, you can always go to the in-game Astro Lounge to get all the answers. The second features Space Junk, bits of flotsam and jetsam, that tumbles through the game and if you're quick enough to spot it and remember it, you can earn even more points! Players can choose from 3 tiers of difficulty and 11 unique destinations played across 45 levels of increasing difficulty, culminating in a mad battle against 3 epic Bosses.

Spaceman Skip and The Nebublobs is also very visually unique; it combines the fun of a side scrolling game with the rich cinematic beauty of a feature film and the zany antics of a classic Warner Brothers cartoon. It comes as no surprise then that the founders of Go For Launch Games, LLC, a new indie game company located in Glendale, AZ, have years of experience in the TV and Feature Film Animation industries with their other company Go For Launch Productions. From their studio in Glendale, AZ they have worked on such hit TV shows as *Back At The Barnyard*, *Planet Sheen*, *How To Train Your Dragons – Riders of Berk*, and the feature films *HOP*, *Ratchet & Clank*, *Bunyan & Babe* and *The Hero Of Color City* as well as Disney's Kingdom Hearts and Epic History games and a Disney/Marvel co-venture game based on Thor.

Availability and system requirements: Spaceman Skip and The Nebublobs will be available for the limited time introductory price of \$2.99 on the App Store for iPhone, iPad 2 and iPod. Regular sale price is \$3.99.
